

# **Softskill Assignment**

## **Module -3: Projects**

### **1) Describe a project you have already worked on or are currently working on.**

- I have been part of a project called tiffin treat.
- Basically, it is an app, to provide food for students or workers who live away from their home
- we are working on this project and it is a kind of collage activity.

### **2) Explain the technologies used, the scope of the project, and its objectives.**

#### **□ Technologies:**

- We use Dart language in this project.

#### **□ scope of the project:**

- Scope is a user-friendly mobile app for your Android and iOS platforms.

- There is a menu for users, plus ordering and payment facilities.
- Provide in-app customer support and feedback channels.

#### ▢ Objectives:

- Support local cooks by providing a platform to show skill and earn income.
- Facilitate assured access to homemade meals for users.

### **3) Highlight the challengers faced and how you addressed them, showcasing your Problem Solving Skills.**

#### ▢ Challenges:

- Delivery delays: Solution: Optimize delivery routes.
- Payment processing problems: Solution: Implemented Secure Payment.

#### ▢ Problem Solving Skills:

- Strategic planning and collaboration with delivery partners.

## **Softskill Assignment**

## Module -3: Projects

- Analytical approach to identify potential risks.
